Final

FINDINGS

1. This facility is an existing 170 acre Class II-2 sanitary landfill. This facility began site operations in 1974. Site life expectancy is 15 years. The area method of landfill operation is utilized. This facility is located at Crescent City, California. Types of wastes received at the site include:

- a. Group II
- b. Industrial wood waste and fish waste
- c. Septic tank waste and septage

Hazardous wastes are not accepted at this site. An average of 30 tons of wastes are received at this site daily. Salvage operations are conducted at this site. The site is operated Nov. thru Feb. 8 am- 5pm; Oct & Mar. 8 am - 6 pm; Apr. thru Sept. 8am - 7 pm. The design and operation of this facility as it existed before August 15, 1977, are as described in the following documents:

- a. Del Norte County Sanitary Landfill Operating Procedures, July 1974, Winzler and Kelly, Consulting Engineers
- b. Report of Disposal Site Information

2. No changes in design or operation of this facility, as authorized by this permit, are anticipated in the next five years.
3. The following documents condition the design and operation of this facility:
  - a. WDR No. 77-2
4. Land within 1000 feet of this site is zoned unclassified.
5. This facility's current operations are in conformance with the State Minimum Standards for Solid Waste Handling and Disposal.
6. This facility is consistent with the latest version of the Del Norte County Solid Waste Management Plan.

This permit is granted solely to the operator named above, and is not transferable. Upon a change of operator, this permit is subject to revocation. Upon a significant change in design or operation from that described in this permit or in attachments thereto for the existing design and operation of a facility operating immediately prior to August 15, 1977, or from the approved intended design and operation of a facility which was not operating prior to August 15, 1977, or which herein is granted a permit modification, this permit is subject to revocation, suspension, modification or other appropriate action.

This permit does not authorize the operation of any facility contrary to the State Minimum Standards for Solid Waste Handling and Disposal. This permit cannot be considered as permission to violate existing laws, ordinances, regulations, or statutes of other government agencies.

CONDITIONS:

Requirements:

1. This facility must comply with the State Minimum Standards for Solid Waste Handling and Disposal.
2. This facility must comply with all federal, state, and local requirements and enactments.
3. Additional information concerning the design and operation of this facility must be furnished upon request of the enforcement agency.

Prohibitions:

The following actions are prohibited at the facility:

1. Hazardous waste disposal.
2. Scavenging
3. Open burning
4. Disposal of large dead animals unless approved by local enforcement agency

Specifications:

A significant change in design or operation from that described in Items #1 and #2 of the Findings Section is allowed, except for those changes which are required under the "CONDITIONS" portion of this permit.

Provisions:

This permit is subject to review by the enforcement agency, and may be suspended, revoked, or modified at any time for sufficient cause.

Monitoring Program:

The following items shall be monitored by the operator of this facility or his agent. Records including but not limited to, these items shall be kept and made available to the enforcement agency upon request:

1. Quantity and types of wastes salvaged per month.
2. Quantity and types of wastes received per month.
